

## Agency for International Development

752.7016

### USE OF POUCH FACILITIES (JUL 1997)

(a) Use of diplomatic pouch is controlled by the Department of State. The Department of State has authorized the use of pouch facilities for USAID contractors and their employees as a general policy, as detailed in paragraphs (a)(1) through (a)(7) of this clause; however, the final decision regarding use of pouch facilities rests with the Embassy or USAID Mission. In consideration of the use of pouch facilities as hereinafter stated, the Contractor and its employees agree to indemnify and hold harmless the Department of State and USAID against loss or damage occurring in pouch transmission.

(1) Contractors and their employees are authorized use of the pouch for transmission and receipt of up to a maximum of 2 pounds per shipment of correspondence and documents needed in the administration of foreign assistance programs.

(2) U.S. citizen employee of U.S. contractors are authorized use of the pouch for personal mail up to a maximum of one pound per shipment (but see paragraph (a)(3) of this clause).

(3) Merchandise, parcels, magazines, or newspapers are not considered to be personal mail for purposes of this clause, and are not authorized to be sent or received by pouch.

(4) Official mail as authorized by paragraph (a)(1) of this clause should be addressed as follows: Individual or Organization name, followed by the symbol "C", city Name of Post, U.S. Agency for International Development, Washington, DC 20523-0001.

(5) Personal mail pursuant to paragraph (a)(2) of this clause should be sent to the address specified in paragraph (a)(4) of this clause, but without the name of the organization.

(6) Mail sent via the diplomatic pouch may not be in violation of U.S. Postal laws and may not contain material ineligible for pouch transmission.

(7) USAID contractor personnel are not authorized use of military postal facilities (APO/FPO). This is an Adjutant General's decision based on existing laws and regulations governing military postal facilities and is being enforced worldwide. Posts having access to APO/FPO facilities and using such for diplomatic pouch dispatch, may, however, accept official mail from Contractors and letter mail from their employees for the pouch, provided of course, adequate postage is affixed.

(b) The Contractor shall be responsible for advising its employees of this authorization and these guidelines and limitations on use of pouch facilities.

(c) Specific additional guidance on use of pouch facilities in accordance with this clause is available from the Post Commu-

nication Center at the Embassy or USAID Mission.

### 752.7016 Family planning and population assistance activities.

The following clause is applicable to all contracts involving any aspect of family planning or population activities.

#### FAMILY PLANNING AND POPULATION ASSISTANCE ACTIVITIES (AUG 1986)

(a) *Voluntary Participation.* (1) The Contractor agrees to take any steps necessary to ensure that funds made available under this contract will not be used to coerce any individual to practice methods of family planning inconsistent with such individual's moral, philosophical, or religious beliefs. Further, the Contractor agrees to conduct its activities in a manner which safeguards the rights, health and welfare of all individuals who take part in the program.

(2) Activities which provide family planning services or information to individuals, financed in whole or in part under this contract, shall provide a broad range of family planning methods and services available in the country which the activity is conducted or shall provide information to such individuals regarding where such methods and services may be obtained.

(b) *Prohibition on Abortion-related Activities.* No funds made available under this Contract shall be used to finance, support, or be attributed to the following activities: (i) Procurement or distribution of equipment intended to be used for the purposes of inducing abortions as a method of family planning; (ii) special fees or incentives to women to coerce or motivate them to have abortions; (iii) payments to persons to perform abortions or to solicit persons to undergo abortions; (iv) information, education, training, or communication programs that seek to promote abortion as a method of family planning; (v) any biomedical research which relates, in whole or in part, to methods of, or the performance of, abortions or involuntary sterilization as a means of family planning (epidemiologic or descriptive research to assess the incidence, extent or consequences of abortion is not precluded); or (vi) lobbying for abortion.

(c) *Voluntary Participation Requirements for Sterilization Programs.* (1) None of the funds made available under this contract shall be used to pay for the performance of involuntary sterilizations or to coerce or provide any financial incentive to any person to practice sterilizations.

(2) The Contractor shall insure that any surgical sterilization procedures supported in whole or in part by funds from the contract are performed only after the individual has voluntarily come to the treatment facility and has given an informed consent to the sterilization procedure. Informed consent means the voluntary knowing assent from the individual given after being advised of the surgical procedures to be followed, the attendant discomforts and risks, the benefits to be expected, the availability of alternative methods of family planning, the purpose of the operation and its irreversibility, and the fact that the consent can be withdrawn at any time prior to the operation. An individual's consent is considered voluntary if it is based upon the exercise of free choice and is not obtained by any special inducement or any element of force, fraud, deceit, duress or other forms of coercion or misrepresentation.

(3) Further, the Contractor shall document the patient's informed consent by: (i) A written consent document in a language the patient understands and speaks, which explains the basic elements of informed consent, as set out above, and which is signed by the individual and by the attending physician or by the authorized assistant of the attending physician; or (ii) when a patient is unable to read adequately a written certification signed by the attending physician or by the authorized assistant of the attending physician that the basic elements of informed consent above were orally presented to the patient, and that the patient thereafter consented to the performance of the operation. The receipt of the oral explanation shall be acknowledged by the patient's mark on the certification and by the signature or mark of the witness who shall be of the same sex and speak the same language as the patient.

(4) Copies of the informed consent forms and certification documents for each voluntary sterilization (VS) procedure must be retained by the performing Contractor or subcontractor for a period of three years after the performance of the sterilization procedure.

(d) The Contractor shall insert the substance of this clause in any subgrants, subcontracts, purchase orders, and other subordinate agreements hereunder whenever appropriate to the goods and services to be provided under such agreements.

[49 FR 13259, Apr. 3, 1984, as amended at 49 FR 33669, Aug. 24, 1984; 51 FR 34985, Oct. 1, 1986]

#### **752.7017 [Reserved]**

#### **752.7018 Health and accident coverage for USAID participant trainees.**

For use in any USAID contract under which USAID participants are trained.

#### **HEALTH AND ACCIDENT COVERAGE FOR USAID PARTICIPANT TRAINEES (JAN 1999)**

(a) In accordance with the requirements of USAID Automated Directive System (ADS) 253.5.6b, the Contractor shall enroll all non-U.S. trainees (hereinafter referred to as "participants"), whose training in the U.S. is financed by USAID under this contract, in USAID's Health and Accident Coverage (HAC) program. Sponsored trainees enrolled in third-country or in-country training events are not eligible for USAID's HAC program, but the Contractor may obtain alternative local medical and accident insurance at contract expense, provided the cost is consistent with the cost principles in FAR 31.2.

(b) When enrollment in the HAC program is required per paragraph (a) of this clause, the Contractor must enroll each participant in the HAC program through one of two designated contractors prior to the initiation of travel by the participant. USAID has developed an Agency-wide database training management system, the Training Results and Information Network ("TraiNet"), which is the preferred system for managing USAID's participant training program, including enrollment in the HAC program. However, until such time as the USAID sponsoring unit (as defined in ADS 253) has given the Contractor access to USAID's "TraiNet" software for trainee tracking and HAC enrollment, the Contractor must fill out and mail the Participant Data Form (PDF) (Form USAID 1381-4) to USAID. The Contractor can obtain information regarding each HAC program contractor, including contact information, and a supply of the PDF forms and instructions for completing and submitting them, by contacting the database contractor serving the Global Center for Human Capacity Development (G/HCD).

(c) The Contractor must ensure that HAC enrollment begins immediately upon the participant's departure for the United States for the purpose of participating in a training program financed by USAID, and that enrollment continues in full force and effect until the participant returns to his/her country of origin, or is released from USAID's responsibility, whichever is the sooner.

(1) The HAC insurance provider, not the Contractor, shall be responsible for paying all reasonable and necessary medical reimbursement charges not otherwise covered by student health service or other insurance programs, subject to the availability of funds for such purposes, in accordance with the standards of coverage established by USAID under its HAC program and by the HAC providers' contracts.

(2) After HAC enrollment, upon receipt of HAC services invoice from the selected HAC provider, the Contractor shall submit payment directly to the HAC provider.
